EXP.NO: 3	Write a Servlet program that prints "Hello, World!" when accessed through a browser.
DATE:20/02/2025	

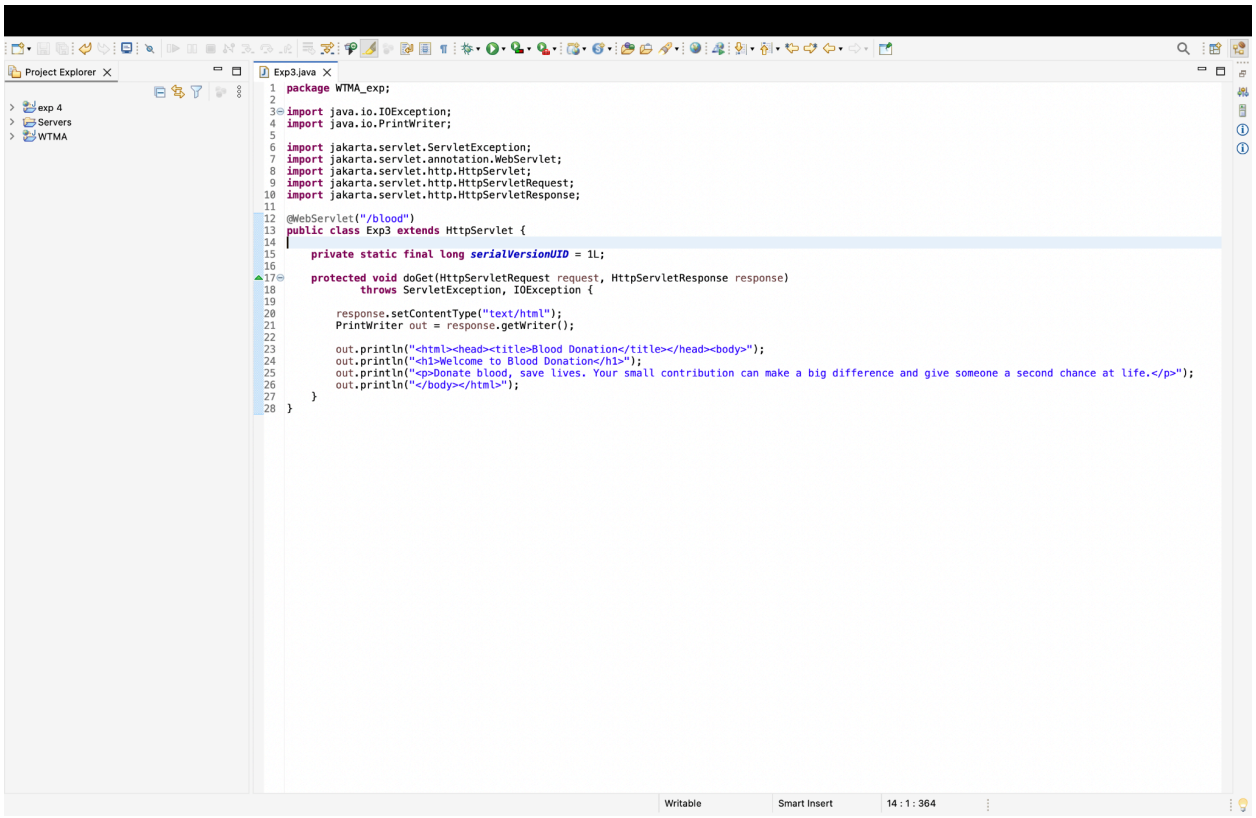
AIM:

To develop a Java Servlet that displays a web page with the message “Welcome to Blood Donation” along with a meaningful message promoting blood donation using the Apache Tomcat server.

ALGORITHM

1. **Input:**
   User enters the URL in browser:
   `http://localhost:8080/WTMA/blood`
2. **Create Servlet:**
   Create a class extending `HttpServlet` and override `doGet()`.
3. **Process Request:**
   Set response type as `text/html` and use `PrintWriter` to display:
   “Welcome to Blood Donation” and a message.
4. **Compile & Deploy:**
   Compile the servlet and deploy it using `@WebServlet("/blood")`.
5. **Execute:**
   Start Tomcat server and run the URL.
6. **Output:**
   Web page displays blood donation message.

CODE:



```java
package WTMA_exp;

import java.io.IOException;
import java.io.PrintWriter;

import jakarta.servlet.ServletException;
import jakarta.servlet.annotation.WebServlet;
import jakarta.servlet.http.HttpServlet;
import jakarta.servlet.http.HttpServletRequest;
import jakarta.servlet.http.HttpServletResponse;

@WebServlet("/blood")
public class Exp3 extends HttpServlet {

    private static final long serialVersionUID = 1L;

    protected void doGet(HttpServletRequest request, HttpServletResponse response)
            throws ServletException, IOException {

        response.setContentType("text/html");
        PrintWriter out = response.getWriter();

        out.println("<html><head><title>Blood Donation</title></head><body>");
        out.println("<h1>Welcome to Blood Donation</h1>");
        out.println("<p>Donate blood, save lives. Your small contribution can make a big difference and give someone a second chance at life.</p>");
        out.println("</body></html>");
    }
}
```

OUTPUT:

Welcome to Blood Donation

Donate blood, save lives. Your small contribution can make a big difference and give someone a second chance at life.

RESULT:

The servlet executed successfully and displayed **“Welcome to Blood Donation”** with a message in the browser.
